Kia ora whanau,

WOW, Week 3 done and dusted already! What a start to the last term of 2022.
Congratulations to all our miniball and touch teams who have started their season and are performing well. Keep up the great work. It's also been a real privilege to be at the Eastern Athletics today and see XXX children participate enthusiastically in lots of different events. I was really proud of the way they managed themselves, showed support to one another and gave everything their best. Tino pai koutou! Results will be in next week! Thanks to all the parents who helped with transport - we couldn't do these things without you.
It was great to be part of the PTA meeting this week and hear about all the exciting things they have coming up - A & P show raffle and stall, growing potatoes to sell for Christmas, Pet Day, Playground updates, catering for our Craft week helpers and organising afternoon tea for Prizegiving. I am so impressed by this teams comittment, creativity and passion for our school. They are a team of about 8 people who achieve great things. Imagine what they could achieve with a few more helpers! Check out page 2 of the newsletter to see how you can support this great work. The opportunities are endless!

CELEBRATING SCHOOL VALUES IN THE COMMUNITY

A huge shout out and "thank you" to

Nathan Stuart

who came and removed some dangerous parts off our wooden fort and also for checking our tree after a large limb broke off in the wind this week.
What a great community we have!

Play Week 2022

This week we had Rose from Active Southland come and inspire the children with chalk outside on the concrete during play. What great fun many of them had forming tracks all around the school, drawing pictures, writing numbers, creating games. What a cool activity to do at home if you've got a flat concrete space and a box of chalk! Fun for everyone!
